

WARTHOG® PASSTHRU HARNESS

The Warthog® Full Body Harness is the best available economy harness on the market. The Warthog® has dual lanyard keepers to keep lanyards out of the way when not in use. The Warthog® also comes with a customizable patch where workers can record information on harnesses without jeopardizing webbing integrity. The Warthog® is designed for efficiency and affordability while meeting the strict ANSI® and OSHA® testing requirements and standards.
