

HARNESSES ACCESSORIES

Malta Dynamics offers a variety of harness accessories that will make your job easier. Our team has designed high quality, rugged components that will ensure top performance, comfort and safety.

The Malta Dynamics Harness X Pad is compatible with all Malta Dynamics harnesses, as well as, many other harness makes and models. The level of detail worked into every X Pad allows it to be easily installed and removed whether you are cleaning the pad or moving it to a new harness. Its breathable design prevents heat buildup, allowing you to work in comfort all day. The positive snaps and light weight design ensure the X Pad stays just where you want it.
