

Ultralight Tree Stand Harness Kit

HE4100 / HE3100-1 / HE2100 / HE5100 families
Manufactured by Malta Dynamics, LLC, Malta, Ohio

HE4100 Forest Green shown

OVERVIEW

The Ultralight is the lightest full-body tree stand harness in the Malta Hunting line, built for hunters who want fall arrest protection without bulk or noise. Breathable padding at the back, shoulders and legs, 1 in webbing and aluminum quick-connect buckles keep the harness just over 2 lb, and the stretch shock-absorbing tether and sewn-in lineman's loops cover the climb, the sit and the way back down. Each kit ships with a tree strap and a deer drag / suspension relief strap. Tested to ASTM F2337 by Intertek in April 2025.

KEY FEATURES

- Rated capacity 300 lb
- Aluminum quick-connect chest and leg buckles
- Breathable padding on back, shoulders and legs
- Lightweight 1 in webbing
- Stretch shock-absorbing tether
- Sewn-in lineman's loops for a climbing strap
- Quiet materials for the stand
- Four camo and solid color options
- Adult sizes S-M through 3XL

CAPACITY

300 lb

rated user capacity (vendor)

STANDARD

ASTM F2337-20

tree stand fall arrest systems; also ASTM F1772-17

HARNESS WEIGHT

approx. 2.4 lb

kit ships at about 5 lb

WEBBING

1 in

aluminum quick-connect buckles

PART NUMBERS BY COLOR AND SIZE

Part #	Color	Size
HE4100	Forest Green	S-M
HE4101	Forest Green	L-XL
HE4102	Forest Green	2XL
HE4103	Forest Green	3XL
HE3100-1	TrueTimber Strata	S-M
HE3101-1	TrueTimber Strata	L-XL
HE3102-1	TrueTimber Strata	2XL
HE3103-1	TrueTimber Strata	3XL
HE2100	TrueTimber Kanati	S-M
HE2101	TrueTimber Kanati	L-XL
HE2102	TrueTimber Kanati	2XL
HE2103	TrueTimber Kanati	3XL
HE5100	TrueTimber Shadowbark	S-M
HE5102	TrueTimber Shadowbark	2XL

TrueTimber Shadowbark is offered in S-M and 2XL only; the L-XL Shadowbark (HE5101) is not listed and there is no 3XL Shadowbark.

THIRD-PARTY TESTING AND CONFORMITY

- Intertek test report 106189222CRT-001 (issued April 29, 2025) to ASTM F2337-20, models HE2100 through HE2103 and HE3100 through HE3103: feet-first dynamic performance PASS with a maximum arrest force of 1,784 lbf from a 72 in drop (limit 1,800 lbf), torso retained and supported 2 minutes, fall indicator deployed; face-first dynamic performance PASS; dynamic strength (face first, 350 lb torso) PASS; labels and instructions PASS.
- Declaration of Conformity MDL1P0364 (May 18, 2023): Hunter's Elite Ultralight Harness Kit conforms to ASTM F2337-20, Level 3 independent ISO 17025 laboratory, Intertek report 105407749CRT-001.
- Declaration of Conformity MD3P335: conformity to ASTM F1772-17 (harnesses for tree stand users).

From the Malta harness manual: inspect before every use; this is a single-fall product, return it to Malta after any fall (800-494-1840); remove from service 5 years from the date of purchase (or manufacture if no proof of purchase); users must be 16 or older to use the harness unaided, anyone under 16 must be accompanied by a supervising adult at all times; never connect the tether to the stand, climbing aids or limbs; stay connected from the moment you leave the ground. Warranty: one year from date of installation or first use against factory defects, original purchaser.

Specifications compiled from the Malta Dynamics instruction manual, Declaration of Conformity and Intertek test report. Not a substitute for the manufacturer's instructions; read the manual before use. Prepared by Fall Protection Distributors, LLC.
