Miller® DuraHoist™ Wall Mount Sleeve, Zinc-Plated Steel

- Made from zinc-plated mild steel for enhanced strength and corrosion resistance
- Compact design minimizes intrusion into the workspace, ideal for confined spaces
- Designed for vertical concrete or steel structures with slip-in installation
- Supports up to 450 lbs with a tensile strength of 5,000 lbs
- Enhanced protection, includes a PVC sleeve liner for added durability and safety
- Suitable for confined space entry, rescue, positioning, and material handling
