SSRA3 Anchor Plate

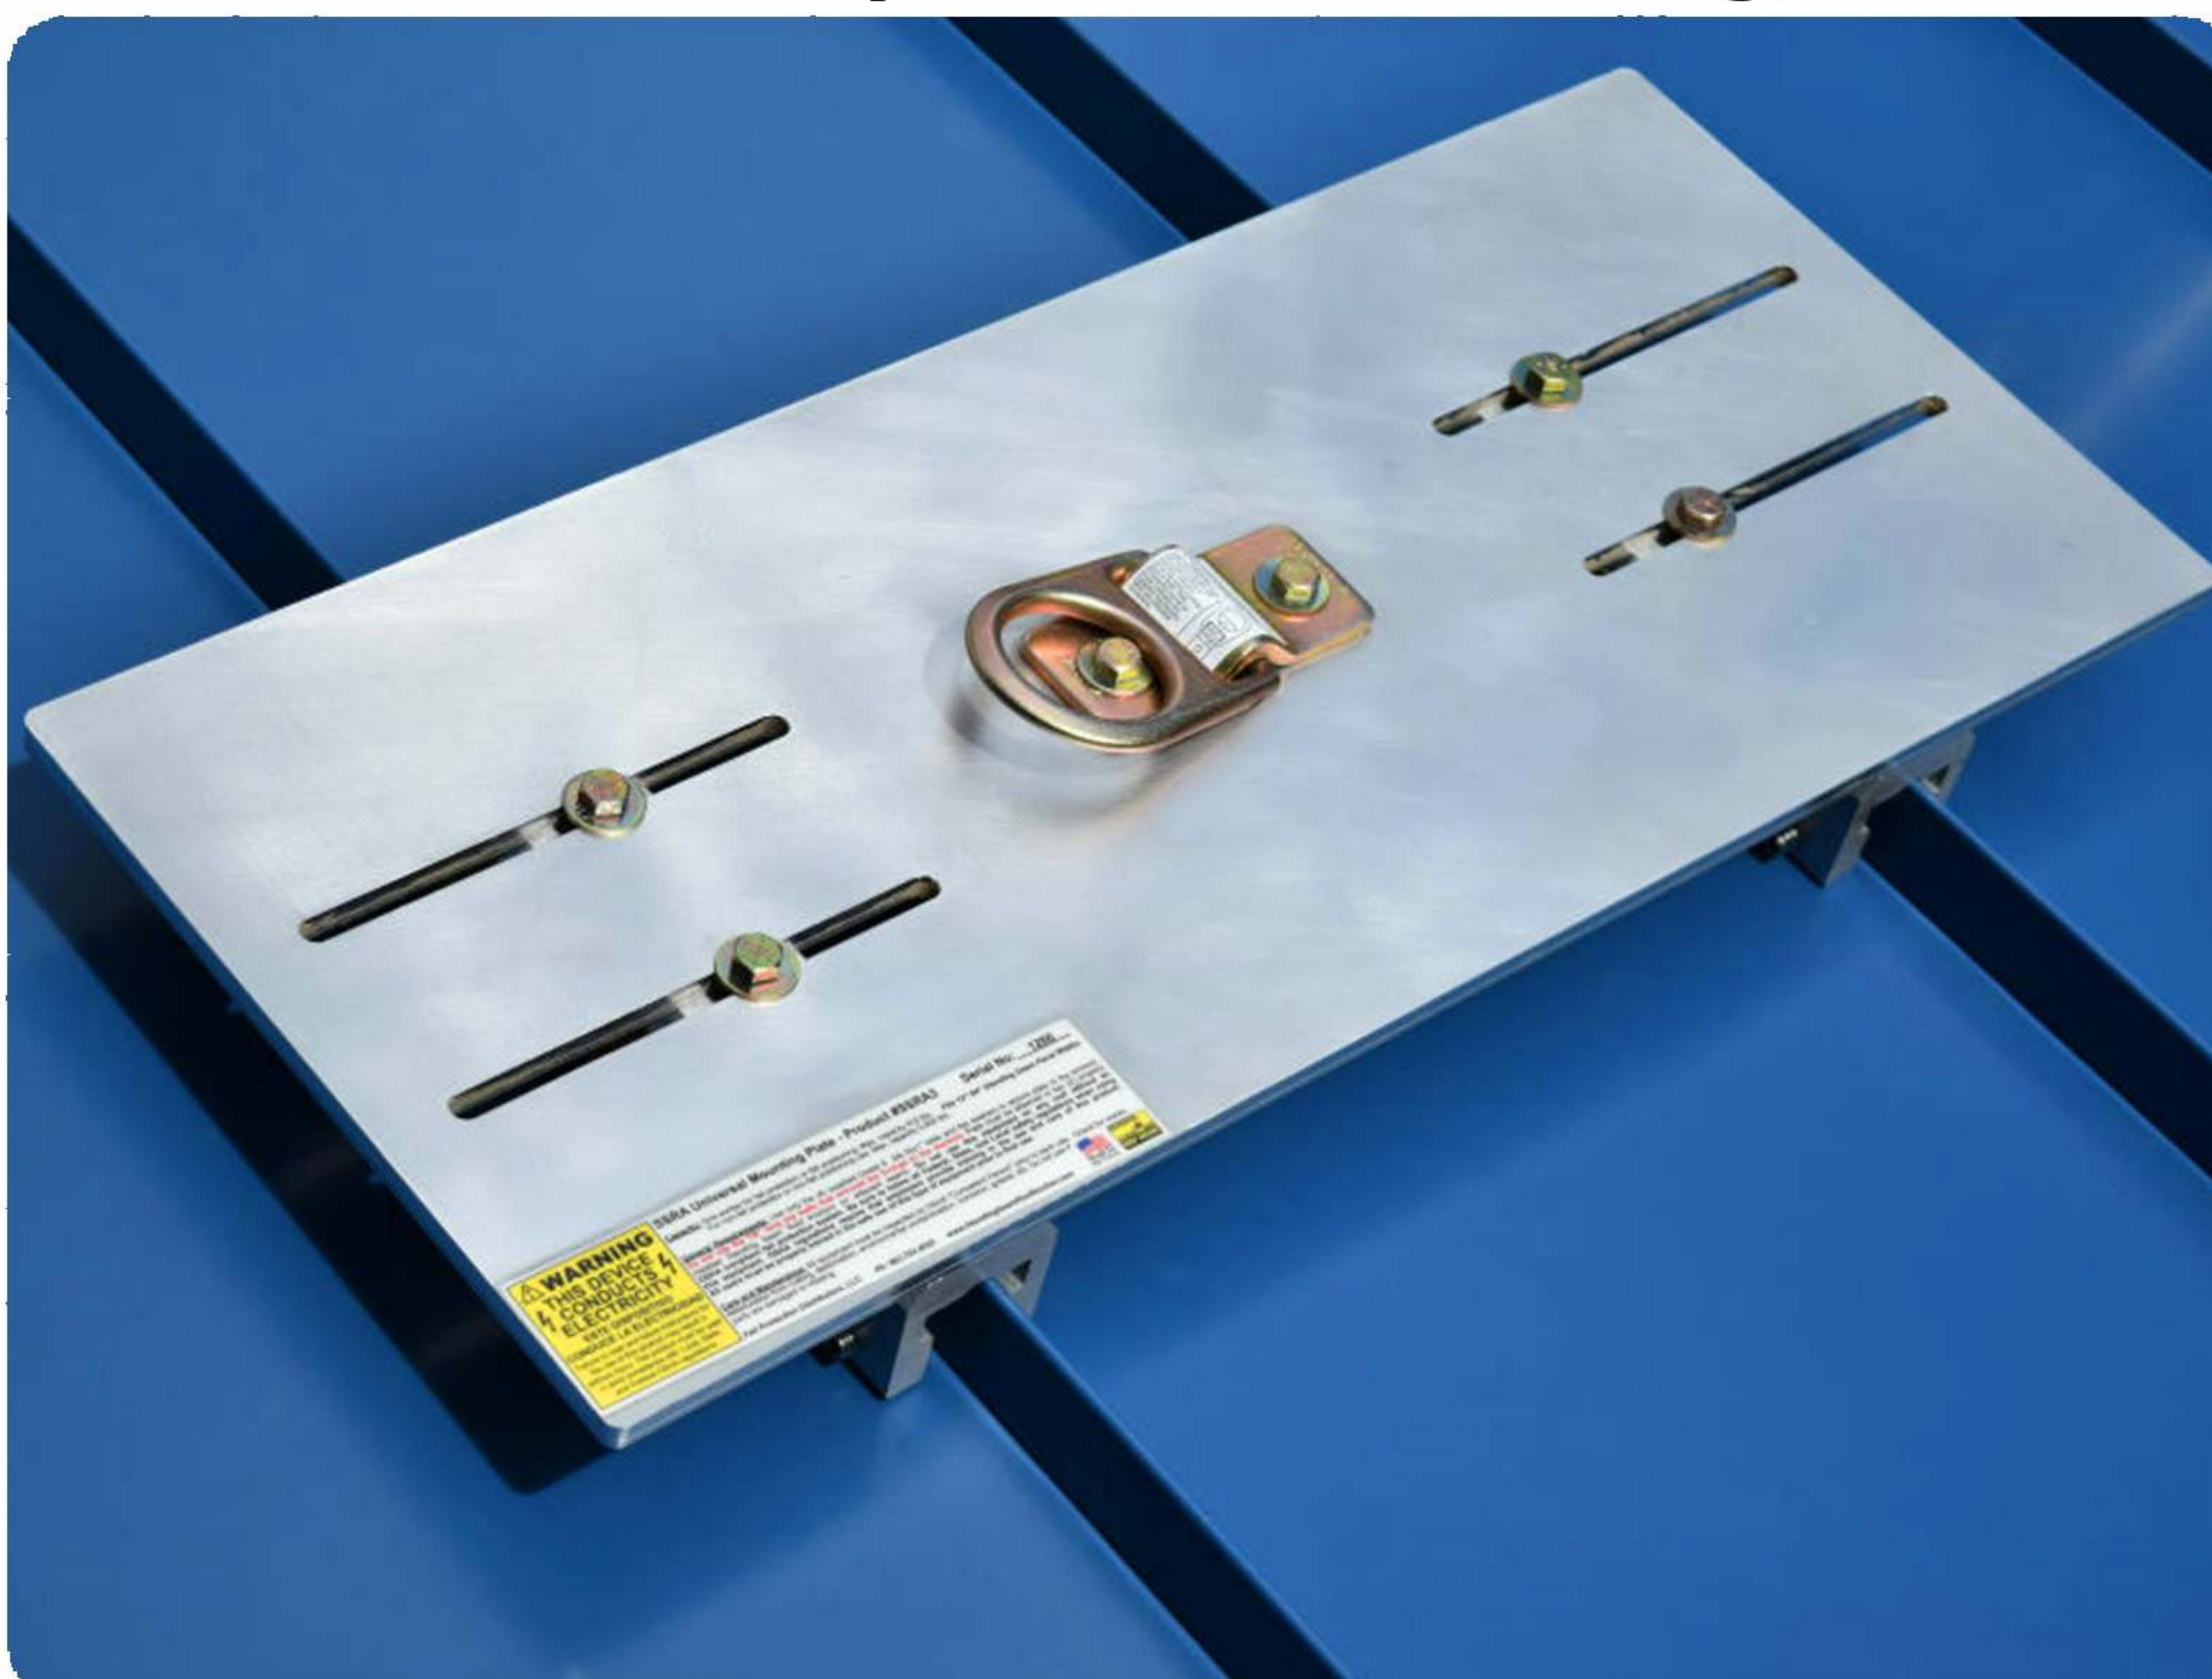

27" Wide

Overall plate dimension are 12"x27" with a 11"x12" mounting area between the slide grooves. The SSRA3 Anchor Plate will fit all compatible standing seams 12" - 24" wide.

Manufactured By Action Manufacturing, LLC

The SSRA3 Anchor Plate is a universal mounting plate constructed of 6061-T6 aluminum and professionally tested to over 10,000 lbs. It can be used to mount anything to a standing seam roof, including fall protection equipment. It is pre-drilled with 4 holes to accept the Falltech 7414 D-Ring (included) mounted either vertically for standard anchoring or mounted horizontally for Horizontal Lifeline attachment.

Each SSRA3 Anchor Plate requires 2 Standing Seam Roof Anchors for proper mounting, sold separately.

Includes the following:

- (1) SSRA3 Anchor Plate - 6061-T6 Aluminum
- (4) Grade 8, 3/8-16x1" Top Bolts (4) Grade 8, 3/8" Flat Washers
- (1) Falltech 7414 D-Ring (2) Grade 8 3/8-16x1.25" Top Bolts
- (2) Grade 8 3/8-16 Locking Flange Nut (4) Grade 8 3/8" Flat Washer
